

**NORRIS BROTHERS**  
SERVING INDUSTRY SINCE 1867

## **Profile/Capability Statement:**

Norris Brothers is an industrial contractor located in Cleveland, Ohio. The company has been family-owned and managed since its founding in 1867. Ownership transitioned to fifth-generation family members in 2018. Norris Brothers is currently certified as a Female Business Enterprise (FBE) by several groups including the City of Cleveland, Cuyahoga County, and NEORSD. Our union workers are members of the following trades: ironworkers, millwrights, laborers, carpenters, cement masons, and riggers (Teamsters).

Norris Brothers provides a wide range of industrial contracting services including heavy machinery moving and rigging, machinery maintenance, repair, and overhaul, and a variety of specialized construction capabilities. Norris Brothers provides the skill and experience required to get the job done right. Our commitment to serve the wide-ranging needs of customers separates us from competitors.

**Rigging** - Norris Brothers has more than 150 years of experience in the rigging/construction industry. Our highly skilled and well qualified union tradesmen can handle most industrial rigging and heavy machinery moving needs. Whether expertly installing a single unit or undertaking a complete plant relocation, we have the people, equipment, and know-how to accomplish the task in a timely and effective manner. Our customers trust us to take excellent care of their items – from large industrial equipment to fine art.

**Maintenance, Repair, Overhaul (MRO)** - Highly skilled union tradesmen can provide 24/7 maintenance services along with supplemental labor for customer maintenance requirements. Norris Brothers is widely recognized for its expertise in rebuilding large presses ranging from 3k ton to 50k ton. Norris Brothers is trusted by our customers and has proven to be the company to call in an emergency or for scheduled plant shutdowns. Norris Brothers also has a fully equipped fabrication shop that enables us to detail/fabricate complete structures or customize parts for ongoing maintenance jobs.

**Specialized Construction** - Norris Brothers has become recognized for its ability to successfully undertake unique industrial construction projects. From concrete foundations and pads to building additions and renovations, our staff has the capability of providing construction services on a wide range of projects making Norris Brothers a single source for solving building and manufacturing needs. Professional and courteous while completing jobs on time and on budget, our skilled union tradespeople are committed to exceeding customer expectations with quality workmanship.
